Event Date: January 18, 2022

Nature: Amputations

| Final Narrative | Hospitalized | Amputation | Part Of Body | Source |
|--|--------------|------------|--------------|--------------|
| The employee reached around with her right hand to clean the front of the meat slicer and did not realize the slicer was on. The tip of the employee's right index finger just below the fingernail was amputated. There was no bone loss. | 0 | 1 | Fingertip(s) | Food slicers |
